

Notes / Assumptions :

An Employee must be part of at least one of the following: Division, Department. this is not specified in the diagram.

An Employee can be in more than one Division or Department.

An Employee can be more than one type of staff, but also does not need to be categorized.

All methods and attributes were made-up as the question did not specify them. They can be ignored.

Support, Technical and Professional staff are thier own classes as they have unique methods and attributes. The rest of thier attributes and methods are inherited from the Employee class.
